## **Company Description:**

PSA Solutions, Inc. (PSA) is a technology-based company that provides litigation support and asset management solutions to banks and financial service companies. PSA enables banks to more effectively manage risk and minimize ownership expense associated with troubled, criticized and OREO assets. PSA provides an integrated set of solutions that are uniquely tailored to support banks' asset & risk management objectives. PSA is unique such that its clients are limited to the Troubled Asset Group / Work Out / OREO departments of banks and financial service companies.

PSA clients include community, regional and money center banks located in and around the Chicago metropolitan area. PSA's portfolio of properties includes commercial, industrial, single family and multi-unit occupied and vacant buildings.
